**Subject:** 10 Sept 2017 -- ASPECT update 1 -- 0800

ASPECT was wheels up at 0800 from Hobby. The proposed survey area is Zone 11 which will correspond to flight 26.

Due to size (100Gb) for the flights collected, all data will be hand delivered this afternoon at which time processing will be started.

The n-link is current up through flight 23. The FTP is current to flight 23.
